

When should my child stay home from school?

Is your child sick with symptoms of COVID-19?

- fever ($\geq 100.4^{\circ}\text{F}$) or chills
- fatigue (more tired than usual)
- headache
- muscle aches
- cough
- nasal congestion or runny nose
- new loss of taste or smell
- sore throat
- shortness of breath or difficulty breathing
- abdominal pain
- diarrhea
- nausea or vomiting
- new onset of poor appetite or poor feeding

NO SYMPTOMS

Has the child had close contact in the past 14 days with someone diagnosed with COVID-19?

NO

Send to school

YES

- Test for COVID-19.
- Isolate/quarantine at home.

Positive test or diagnosis of COVID-19

Follow guidance from Virginia Department of Health and/or healthcare provider

Negative for COVID-19

Quarantine for 14 days after last exposure to the case

YES, THEY HAVE SYMPTOMS

Symptoms new or unusual for the child

- Keep your child home.
- Call your healthcare provider.
- Notify the RMS Health Coordinator of child's diagnosis at health@richmont.org or at 804.741.0040 x 62.

Symptoms usual for the child (e.g. allergies, migraines, asthma) or caused by a known diagnosis (e.g. ear infection, strep throat)

- Seek care as usual practice.
- If fever present, stay home until at least 24 hours fever-free without fever-reducing medicines.
- Stay home until these criteria are met.
- Notify the RMS Health Coordinator
