Smile is autobiography by Raina Telgemeier. The books starts when she was in sixth grade (11 years old) and knocks her two front teeth out. That’s when the journey begins. She embarks a four year journey to fix her teeth.

Raina goes through a lot in this book such as boy/friend problems, oral surgery, headgear, braces, fake teeth, earthquakes, and orthodontist appointments.

The theme of the book is that it doesn’t matter what you look like on the outside, it’s what matters on the inside.

I like this book because it’s a graphic novel and it’s funny. I recommend this book to all ages since it’s an easy to read book.
